Feature Update Release

December 18, 2025

Note: Feature updates might be carried out periodically without prior notification to provide a better user experience. Please contact us via Chat Support for assistance regarding the platform.

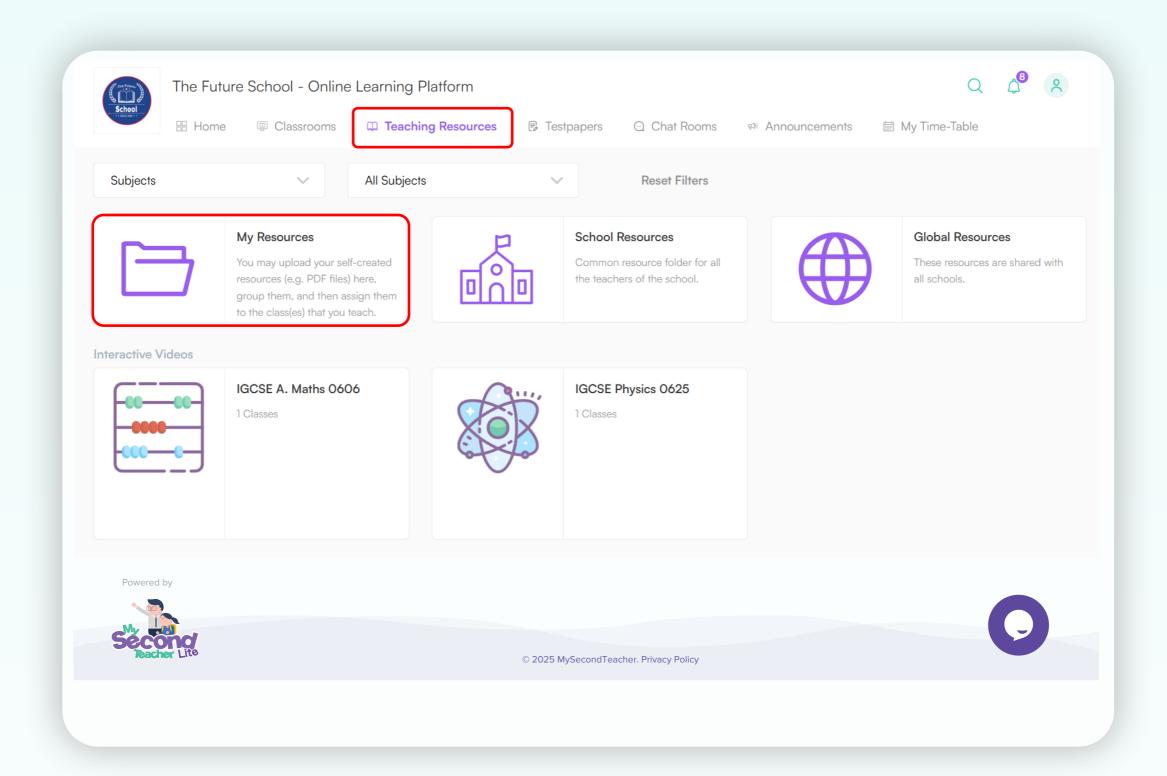

Whiteboard

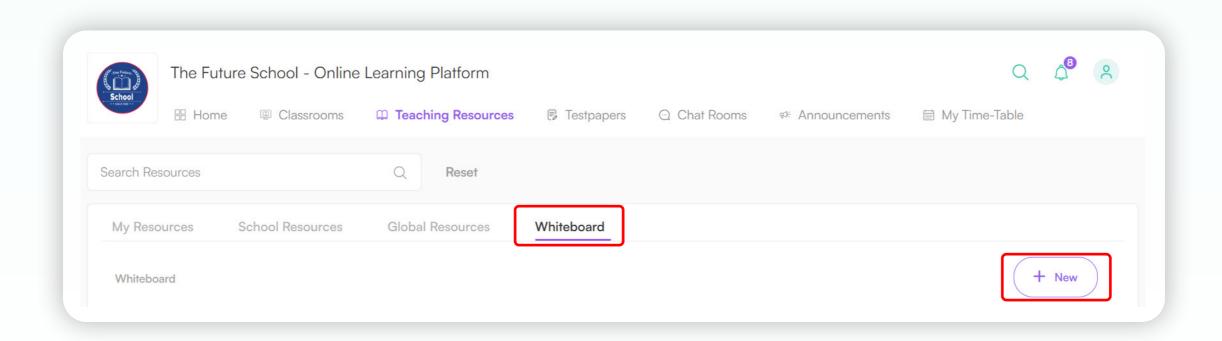

Teachers can now scribble and annotate using the **Whiteboard** feature available in the **"Teaching Resources"**. Use the diverse set of tools to add colour, shapes, and text to create the Whiteboard.

Follow the given steps to create a **Whiteboard:**

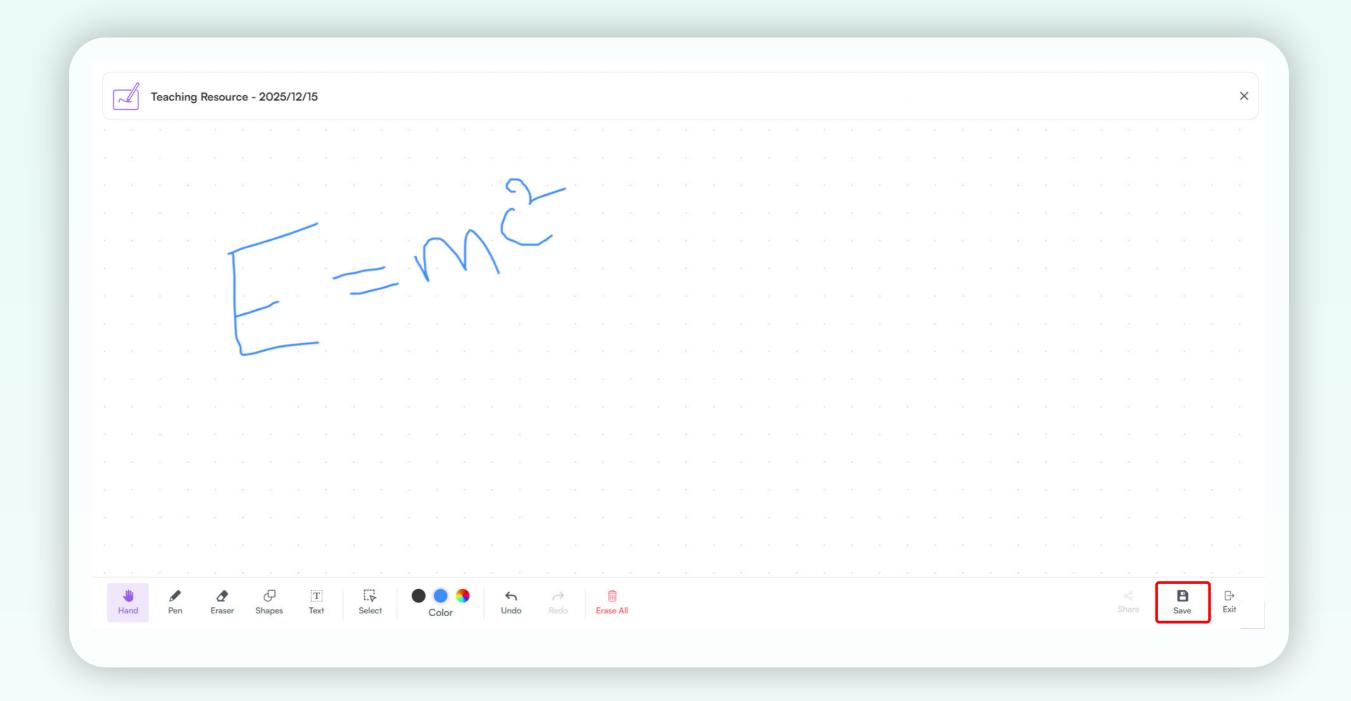

Go to the "Teaching Resources" tab and click on "My Resources"

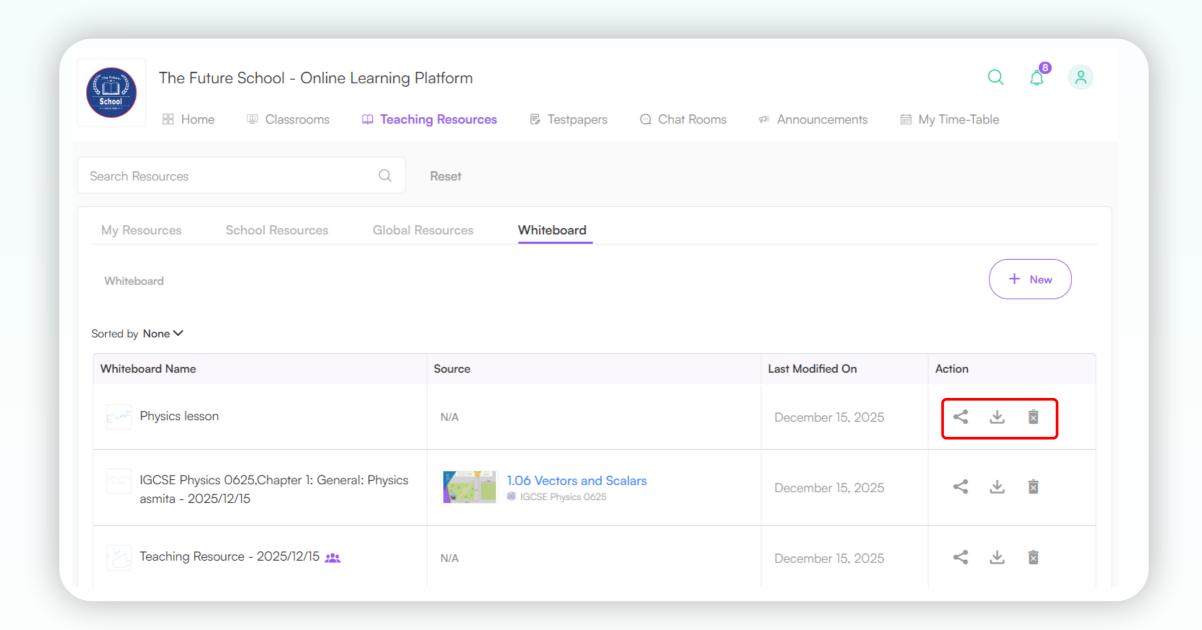

Select the "Whiteboard" tab and click on "New"

Scribble the content on the Whiteboard and click on "Save"

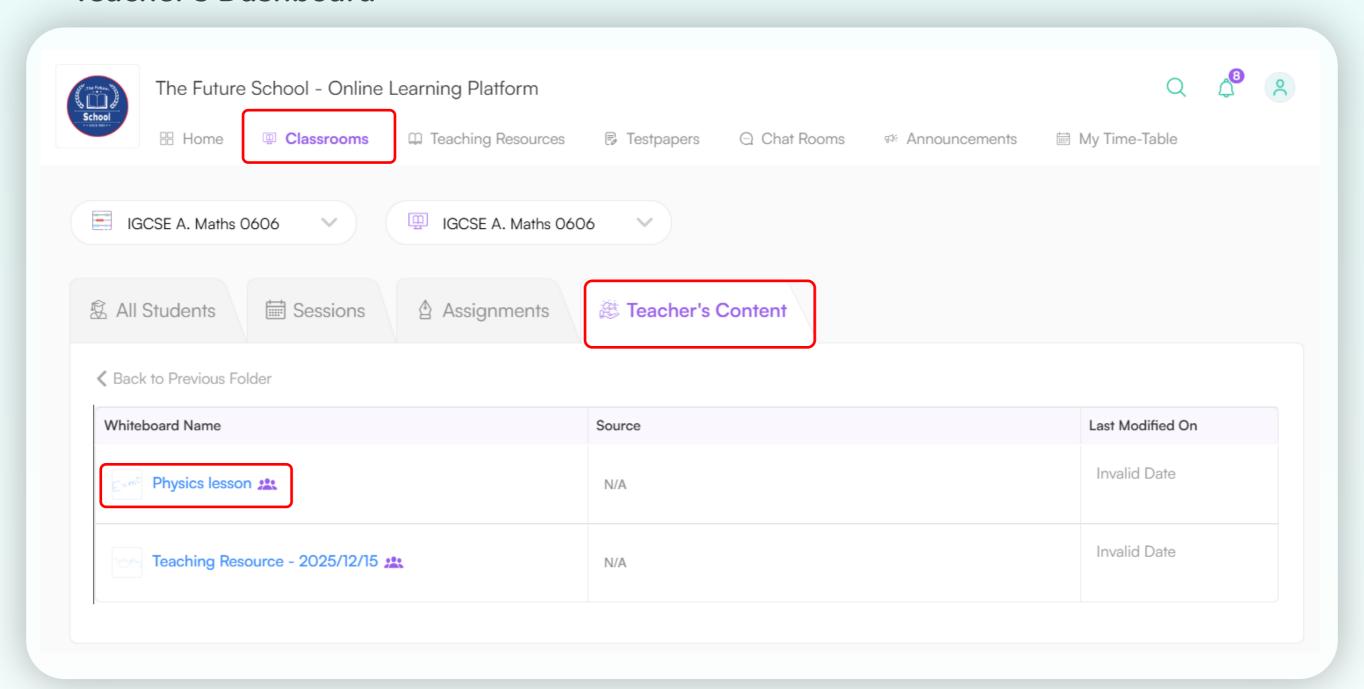

Once the teacher creates and saves a Whiteboard, it can be shared with the students of an individual class. Teachers also have the option to download or delete the Whiteboard when needed.

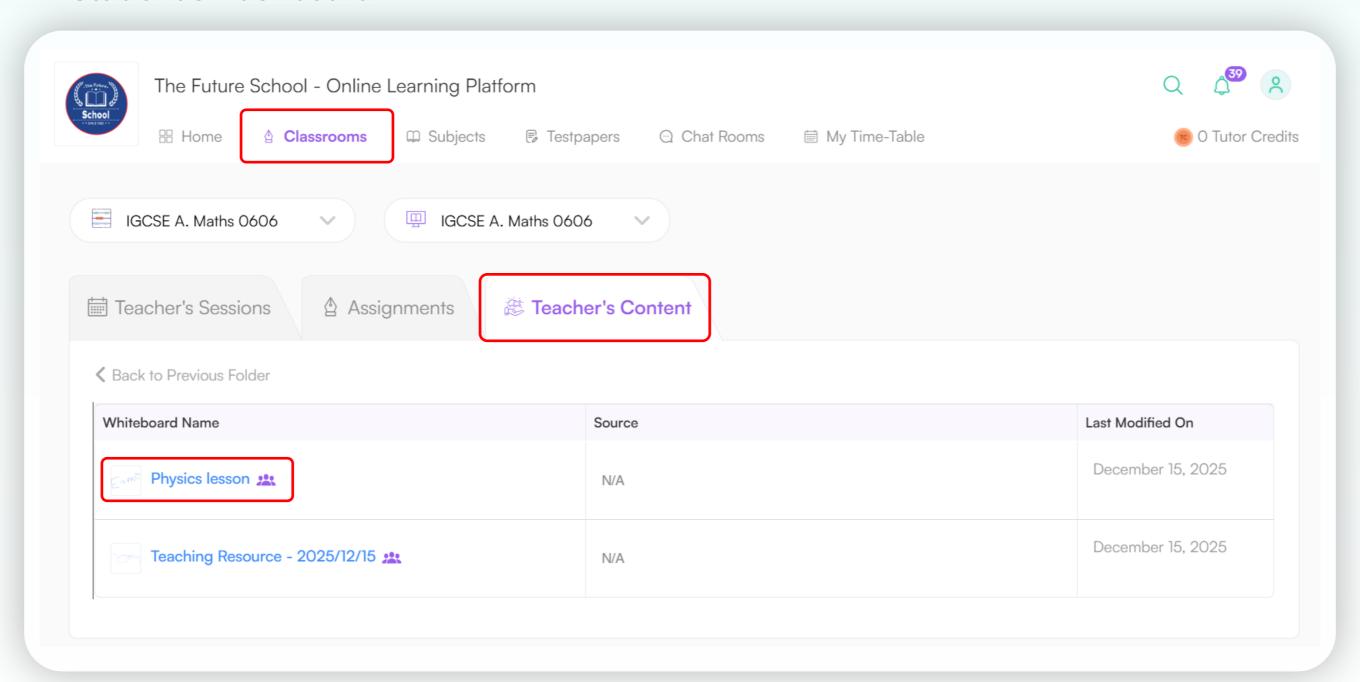

Note: Whiteboard cannot be deleted once shared with the class.

Teachers can access shared Whiteboards from the "Teacher's Content" section in the "Classrooms" tab, and students in the class can access them as well.

Teacher's Dashboard

Student's Dashboard

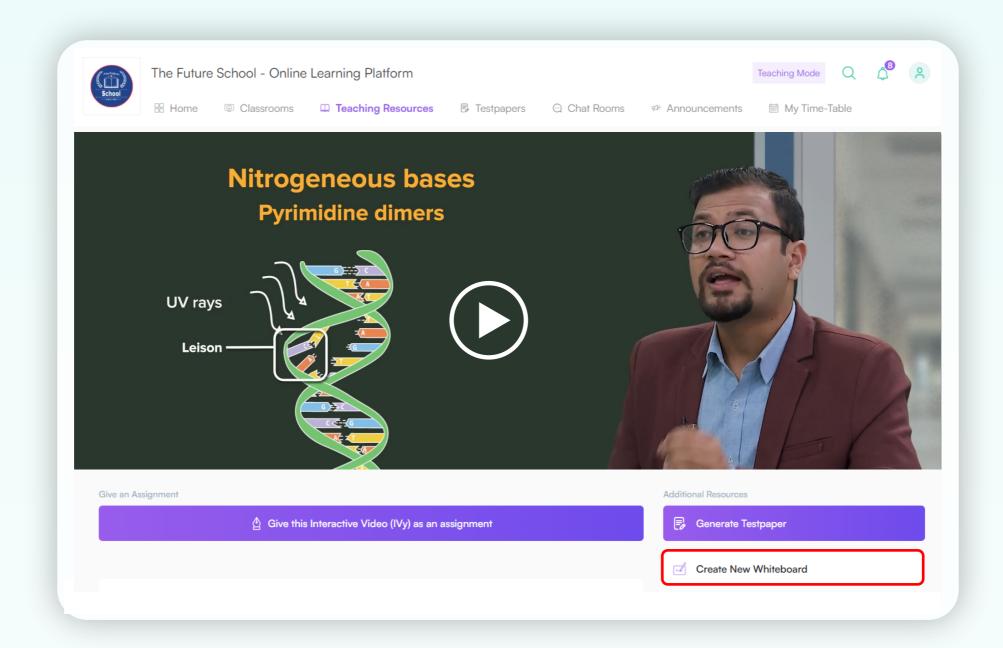

Alternatively, teachers can create a dedicated Whiteboard for each Interactive Video.

Follow the given steps to create a Whiteboard for an Interactive Video:

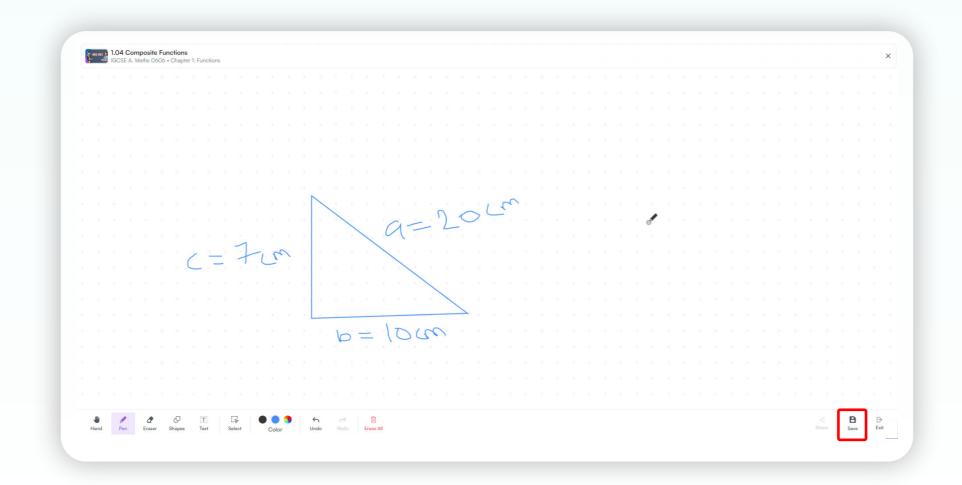

Select a subject from the "Teaching Resources" tab

Select a Chapter and a Topic

In the additional resources section, click on "Create New Whiteboard"

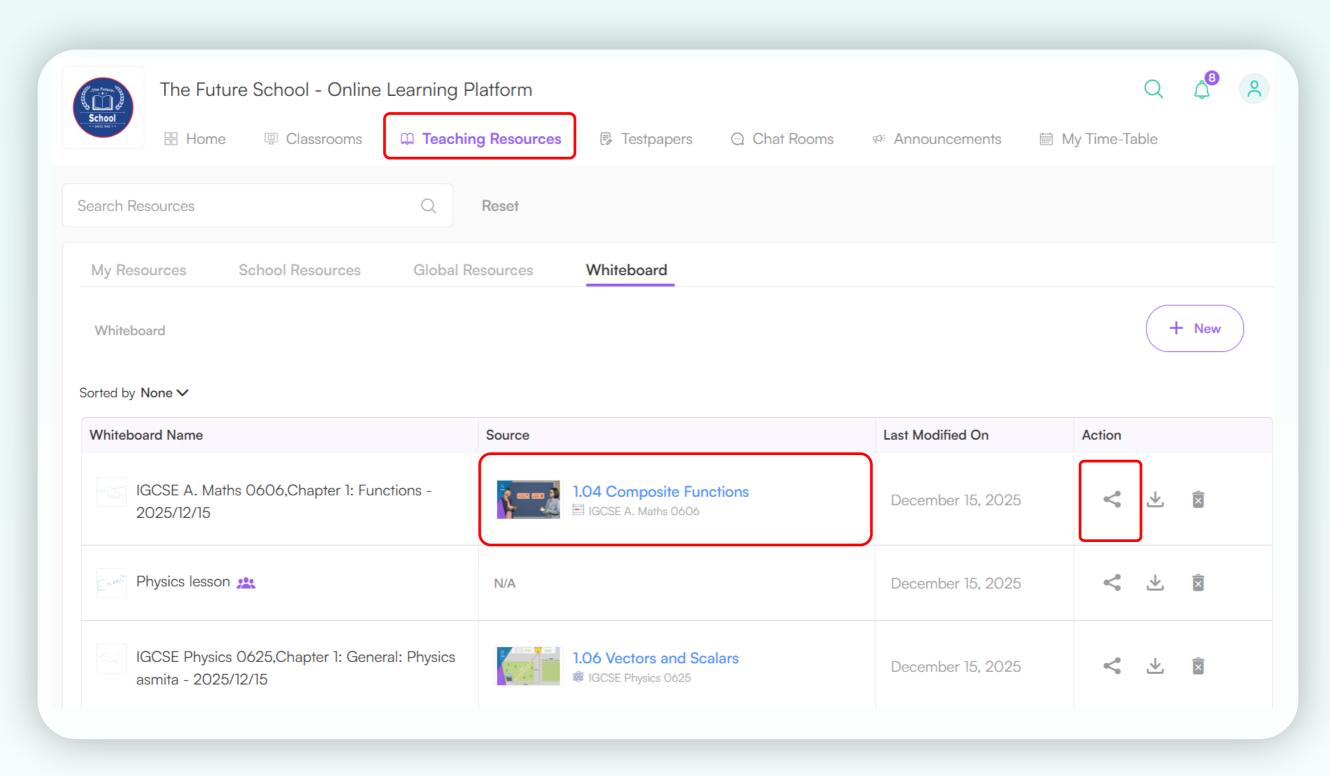

Scribble the content on the Whiteboard and click on "Save"

Teachers can find the list of created Whiteboards in the "Whiteboard" section of the "Teaching Resources" tab.

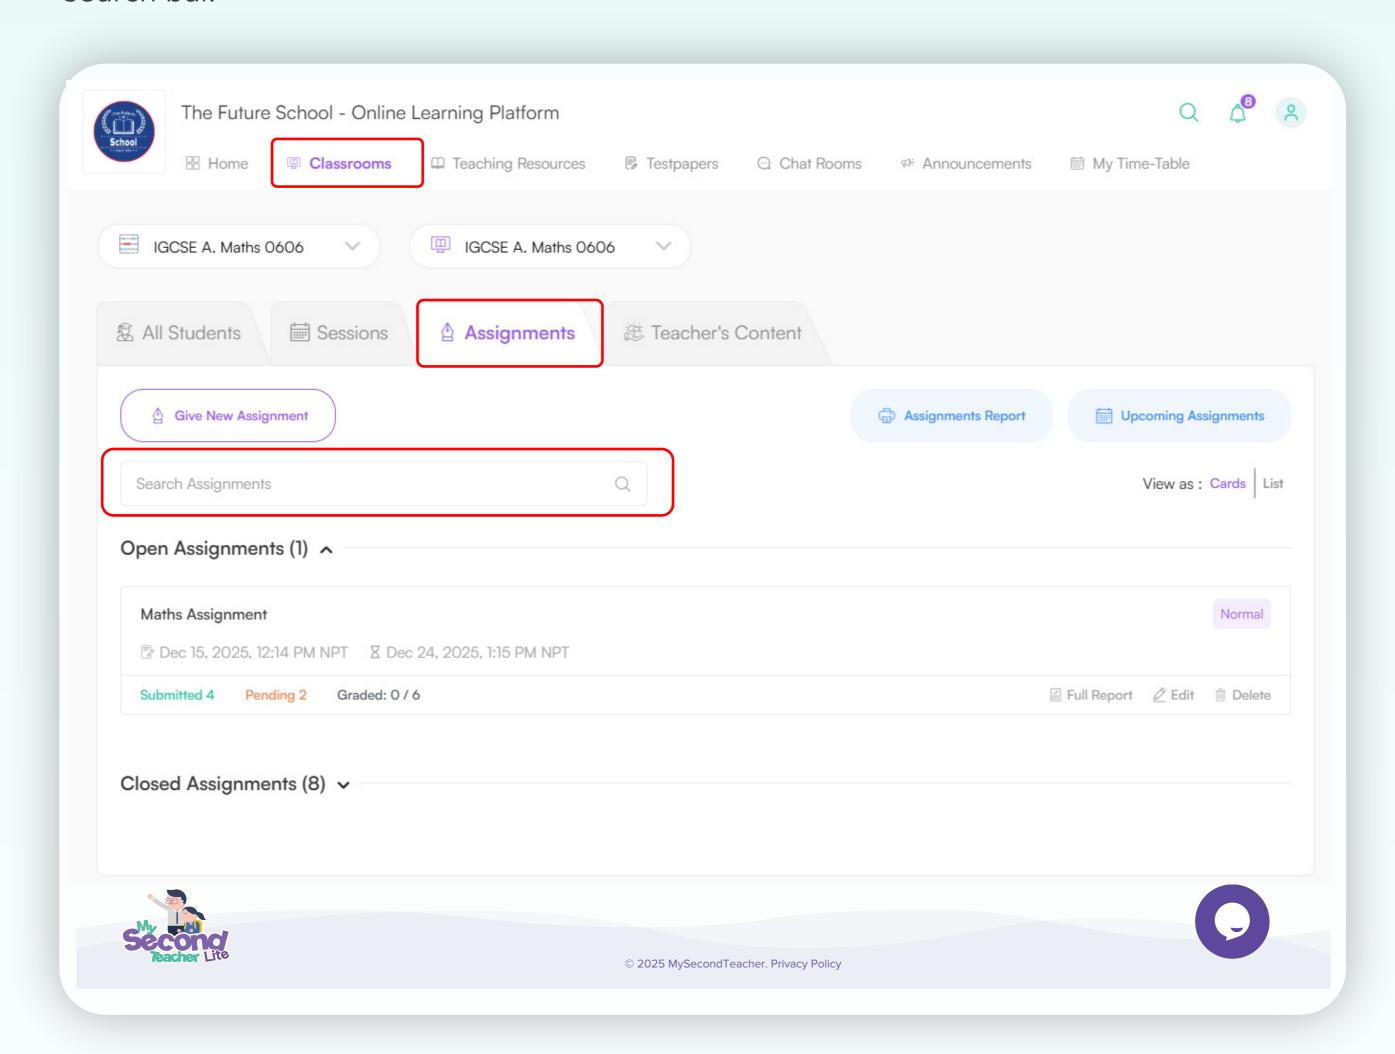

When a teacher shares the Whiteboard, the video linked to the Whiteboard is also shared in the source.

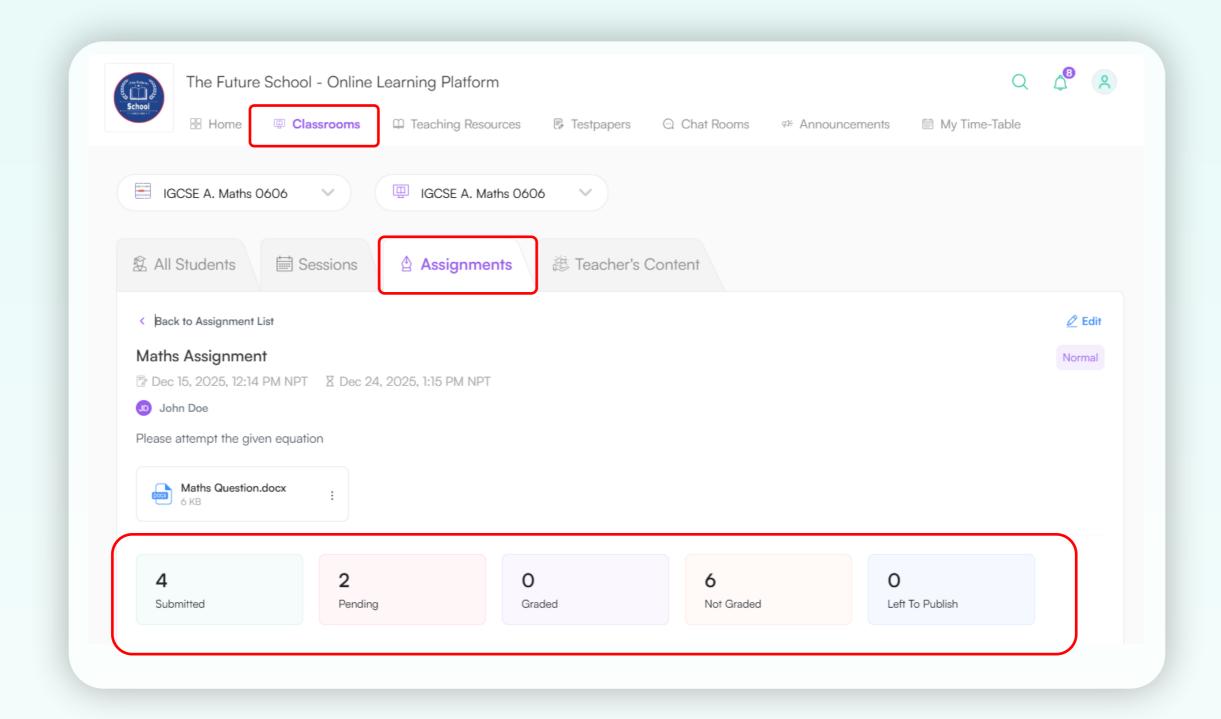

Assignment View

The "Assignments" tab has been updated to enhance usability and visibility.

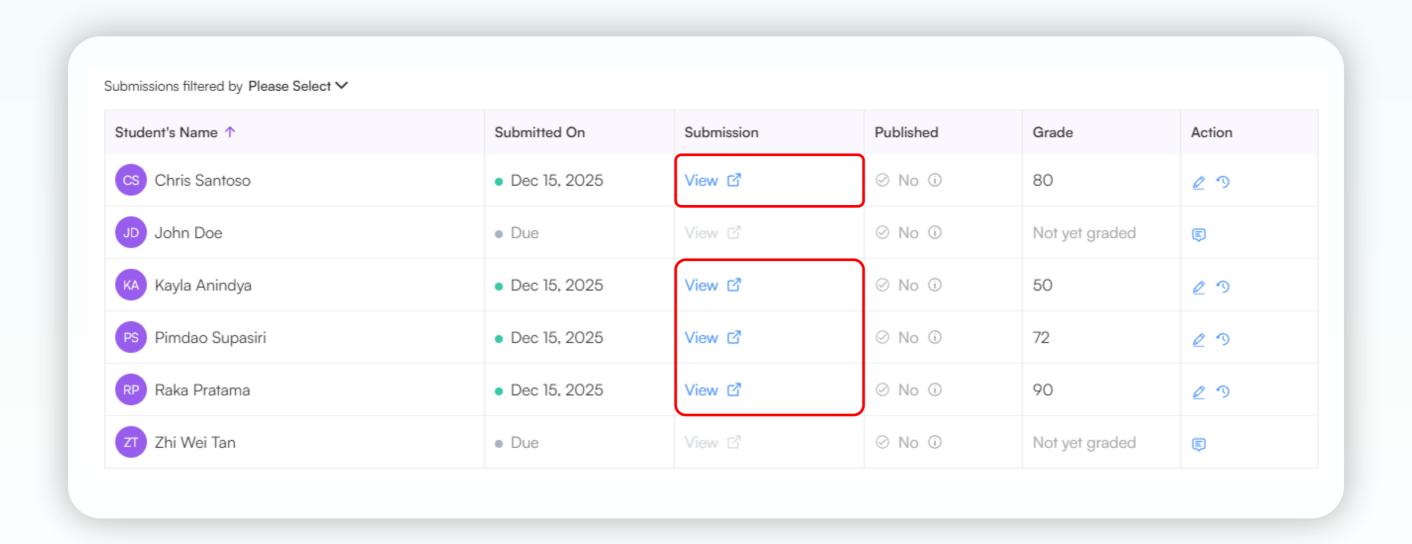

Teachers can now search for **Open** or **Closed Assignments** directly from the search bar.

The **Full Report** view provides a comprehensive overview of Assignment status, including: Submitted, Pending, Graded, Not Graded, and Left to Publish.

Additionally, teachers can view the latest activity for both submitted and pending Assignments from the **'View'** button.

This view displays the submission history for each student who has submitted the assignment, including their latest activity, like **Teacher's Remarks**, and **Student's Submission** details.
